Hill, Ducloux, Carnes & Clark (1993 – 1999)

Richey & Young - (1987 – 1993)

Practice Areas

My litigation background is very broad, which includes approximately 100 jury trials and extensive bench trial experience. I have handled litigation in more than 40 different counties throughout the State of Texas. Early in my career I represented lending institutions and then my practice shifted to statewide personal injury defense litigation. During the last 25+ years of my practice, it consisted of a general mix of commercial/business, construction, and tort litigation. I have served as counsel on more than 1000 lawsuits.

Throughout my career I represented parties in many areas including: personal injury, residential & commercial construction, real estate, banking, auto/trucking, dram shop, trade secret, non-compete & non-disclosure agreements, business dissolution, HOA, commercial/residential leases, employment disputes, probate & guardianship, and other fiduciary litigation. These areas of practice have allowed me to become well versed in many aspects of Texas law including negligence, premises liability, products liability, DTPA, RCLA, fraud, fiduciary duty and contract law.
