Practice Areas

My litigation background and experience are very broad and over the years have included many jury trials, bench trials and arbitrations. I have handled litigation in various counties across the State of Texas which in part include Travis, Bexar, Williamson, Harris, Hays, Comal, Bell, Bastrop, Dallas, Tarrant, McClennan, El Paso, Lubbock, Brown, Nueces, San Saba, Bee, Maverick, Cameron, Hidalgo and Galveston. My practice has consisted of litigation matters involving multi-party commercial and residential construction defect, real estate disputes, fiduciary/professional liability, dram shop, disputes involving non-compete/non-disclosure agreements, business dissolution, HOA, commercial/residential leases, employment disputes, products liability, personal injury, premise conditions, commercial and residential fire damage, and trucking/auto accidents.

Handling a broad range of litigation matters has allowed me to become well versed in many areas of Texas law including fraud, misrepresentations, premise liability, products, fiduciary law, DTPA, RCLA, contract law and numerous statutes. In 2022, I transitioned from my active litigation practice to full-time mediation.
